Forgive the Reply To All -

However, I just want to add that, if you have not seen the video on Good Samaritan legislation before, I am sending the link, below. At the end, there is an acknowledgement to Bill Simon for his decades of work in the Upper Animas Basin.

"Act of Congress: Good Samaritans & Draining Mines 2014". This video is about 12 minutes long. I will be video taping this next ARSG meeting.

<https://youtu.be/XkjFdgshv1Y>

Note: This video has had over 1,000 more hits since the Gold King event.

Respectfully,
Tom Schillaci

Dear Stakeholders – Attached is a draft agenda for our next ARSG meeting on Tuesday, Oct. 27th. We will be meeting at Town Hall at 6:30.

We do not anticipate having a call-in number. It's difficult to do at that location, and it doesn't really work well if we have 50+ people in the room which it's been since the Gold King spill. If our meeting attendance starts to drop, we may try to use a call-in number again in the future.

Attached is a timeline of events and actions for improving water quality in the Animas Basin that we worked on and agreed upon about a year ago. We think it is a good time to take stock of how we are doing and what adjustments may need to be made to the document. Please give it some thought.

Also, we are making adjustments and changes to the ARSG website. We will continue to do these in the coming weeks. We will highlight what those changes are at our next meeting.

Hope to see you Silverton
